

## 5-18-21 COVID-19 Response

In case you haven't heard yet, on Tuesday, May 11<sup>th</sup>, our Session voted to lift the masking mandate and social distancing requirements in worship services, beginning Sunday, May 30<sup>th</sup>. We set this date two weeks out because we wanted people to have time to plan accordingly.

We will still have live-streamed versions of all our services moving forward. However, as Presbyterians, we've long maintained that God alone is Lord of the conscience. With that in mind, we advise people to continue with safe practices to protect both themselves and others, the best way they see fit.

KidZone continues to move forward with the latest guidance received from DHS for daycares and safety protocols. The Session's decision will not impact KidZone procedures. However, the lifting of these restrictions *will* allow for full seating capacity in worship services and other special events.

Blessings,  
Austin D. Hill  
*Lead Pastor*
